

AI-Agent Permission Review Worksheet

Before you click Allow, record the target, scope, effect, reversibility and human owner.

01	Fictional user, draft decision and non-goal	
02	Disposable workspace, public/synthetic source manifest and material excluded	
03	Capability map: file read, file edit, network, account and external action	
04	Target, scope, expected effect and reversibility for each request	
05	Permission receipt: ALLOW ONCE, DENY/BLOCKED, reviewer and observed result	
06	Fixed cases, STOP condition, portfolio evidence and outcomes you cannot claim
