

AI Engineer Interview Reading Route

Pick one question from the target role, then work through the mechanism, trade-off, failure boundary and evidence.

01	Target role and first question to practise	
02	Your 90-second first draft	
03	Mechanism and terms behind the answer	
04	One concrete situation that checks understanding	
05	Evidence from a project or work example	
06	Failure boundary and next practice direction
