

PolicyPilot Portfolio Plan

Turn a fictional policy assistant into measurable, hand-off-ready portfolio evidence.

01	Business problem, user and non-goal	
02	Synthetic data, data boundary and baseline	
03	Architecture, citations and human handoff	
04	Quality, safety, operations and business proxy	
05	Trace, CI, rollback and decision log	
06	README, demo and interview-ready evidence
