

AI Coding Partner Review Worksheet

Let AI propose the plan, diff and tests; keep scope, acceptance, reviewer decision and rollback with a person.

01	Feature, user, non-goal and acceptance condition	
02	Agent plan, file scope and prohibited changes	
03	Synthetic fixture, secret/data boundary and permissions	
04	Fixed tests, expected result and negative cases	
05	Diff review, run record and reviewer decision	
06	Rollback target, unresolved risk and stop condition
