

Long context may still miss the middle: retrieval, lost-middle failures, and evidence coverage

Worksheet

Use fixed long-document cases to test whether the system cites, abstains, or hands off when relevant evidence appears at the beginning, middle, end, or beside a conflict.

01	Reader decision and user	
02	Input, data boundary and prohibited action	
03	Simple baseline and acceptable output	
04	Fixed cases, failure and handoff	
05	What someone can check in the system: version, test, trace, or result	
06	What still needs explaining before work use: owner, cost, risk, and next step
